

## Jan/Feb News from the Salon

2018 is set to be an exciting year for Quinns; we will be extending and updating the salon to give you the ultimate experience.

3 years ago we were lucky enough to buy the house next door, the work is set to start in February 2018 and we will be incorporating the ground floor into more salon space. The whole salon is due to be refurbished for your comfort and enjoyment and will include 3 flats above to be rented out. Any enquires please speak to Lisa B.

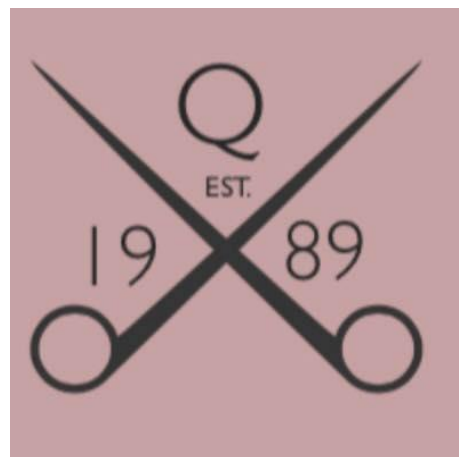

We are planning a luxurious quiet shampoo area offering indulgent treatments, in total relaxation. A new colour bar to enable your stylist to show you the science behind the art of colour and much more!

**\*\*Appointments - Please arrive in good time for your appointment, lateness may result in a shorter service or in some cases will need to be rebooked. Thank you for your co-operation in this matter**

### Hair trends!

The New Year always brings along fresh starts and new beginnings, it's a great time to talk through your hair plans with your stylist.

2018 is all about the cut, embracing natural, no fuss textures with fresh, interesting haircuts. It's going to be the year for un-done, effortlessly stylish, low maintenance hair styles, easy fringes and enhanced textures.

**\*\*Guest services – Please be aware a 50% deposit may be required upon booking a longer technical service at Quinns. We are increasing seeing longer appointments cancelled within 24 hours of the service; this leaves the stylist with long gaps which are difficult to fill in the timeframe.**
