Spring 2018

Spring has finally arrived and it's time to discuss your hair plan for the season ahead with your stylist

Bobbed hair is back for 2018, this versatile look is everywhere right now, and you can see why. Whether you have thick or fine hair, this hairstyle can be adapted to suit all hair types.

If you are looking for something a little more subtle, talk to your stylist about adding a fringe, from short, to long and sweeping the fringe is back and set to be big this year!

Welcoming Gemma to the team!

Gemma Joins Quinns as a Graduate Stylist and will spend time over the next few months supporting stylists. Gemma is due to start her NVQ level 3 training in advanced hairdressing this September.

Guest services –

For all appointments – please arrive in good time for your appointment, lateness may result in a shorter service or in some cases will need to be rebooked. Thank you for your cooperation in this matter.

Please be aware a 50% deposit may be required upon booking a longer technical service. We are increasingly seeing longer appointments cancelled within 24 hours of the appointment; this leaves the stylist with long gaps which are difficult to fill in the timeframe.

EDUCATION!

At Quinns we are passionate about what we do and believe knowledge is key. All our stylists commit to regular training and developing new skills to enable them to keep up with current trends within our rapidly changing industry.

Some of the team will be attending the Paul Mitchell Global Gathering in Las Vegas this July, experiencing a truly global hairdressing event, sharing knowledge with hairdressers from all over the world.

The team will learn about the latest hair innovations within the industry and then come back and share their experiences with us all!
